PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Itron, Inc. (the "Company") of proxies for use at the Annual Meeting of Shareholders (the "Annual Meeting") to be held at the DoubleTree Hotel - City Center, Spokane Falls Ballroom - Suite A, 322 North Spokane Falls Court, Spokane, Washington, at 8:00 a.m., local time, on Wednesday, May 6, 1998, for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. The principal executive offices of the Company are located at 2818 North Sullivan Road, Spokane, Washington 99216. It is expected that this Proxy Statement and accompanying Proxy will be mailed to shareholders on or about April 1, 1998.

Record Date and Outstanding Shares

Holders of the Company's common stock (the "Common Stock") of record at the close of business on February 27, 1998, are entitled to notice of and to vote at the Annual Meeting. On that date, there were 14,637,041 shares of Common Stock outstanding.

Revocability of Proxies

Shares represented at the Annual Meeting by properly executed Proxies in the accompanying form will be voted at the Annual Meeting and, where the shareholder giving the Proxy specifies a choice, the Proxy will be voted in accordance with the specification so made. A Proxy given for use at the Annual Meeting may be revoked by the shareholder giving the Proxy at any time prior to the exercise of the powers conferred thereby. A Proxy may be revoked either by (i) filing with the Secretary of the Company prior to the Annual Meeting, at the Company's principal executive offices, either a written revocation or a duly executed Proxy bearing a later date or (ii) attending the Annual Meeting and voting in person, regardless of whether a Proxy has previously been given. Presence at the Annual Meeting will not revoke the shareholder's Proxy unless such shareholder votes in person.

Quorum and Voting

Each shareholder will be entitled to one vote per share of Common Stock held. Holders of Common Stock are not entitled to cumulative voting rights in the election of directors. The presence at the Annual Meeting, in person or represented by proxy, of holders of a majority of the outstanding Common Stock on the record date will constitute a quorum.

A plurality of the votes duly cast is required for the election of Directors (i.e., the nominees receiving the greatest number of votes will be elected). Abstentions from voting on the election of directors have no effect on the outcome of this proposal since the votes have not been cast in favor of any nominee. The proposals to approve the amendment of the Employee Stock Purchase Plan and to ratify the appointment of the Company's independent auditors will be approved if the votes duly cast in favor of the particular proposal exceed the votes duly cast against the proposal. Abstentions from voting on either of these proposals will have no impact on the outcome of the proposal since no vote has been cast for or against the proposal. There can be no broker nonvotes on any of these matters since brokers who hold shares for the accounts of their clients have discretionary authority to vote such shares with respect to all of the matters being presented to shareholders for approval at the Annual Meeting.

ITEM 1

ELECTION OF DIRECTORS

The Board of Directors is divided into three classes, with each director of the Company generally holding office for a three-year term or until his or her successor has been elected and qualified. At the Annual Meeting, two directors are to be elected for a term of three years until 2001 or, in each case, until his respective successor shall be elected and shall qualify. Unless authority to do so is withheld, the persons named as proxies in the accompanying Proxy will vote for the election of the nominees listed below. The Board of Directors has no reason to believe that any such nominee will be unable to serve as a director. If, however any such nominee shall become unavailable, the persons named as proxies will have discretionary authority to vote for a substitute nominee. Assuming the election of Messrs. Redmond and Humphreys as directors at the Annual Meeting, Mr. Humphreys is expected to be appointed Chairman of the Board. Under the Company's 1992 Stock Option Plan for Nonemployee Directors, nonemployee directors receive stock option grants to purchase 10,000 shares of the Company's Common Stock upon their initial

appointment or election as a director and option grants to purchase 2,000 shares of the Company's Common Stock annually thereafter. The exercise price of such options is the fair market value of the Common Stock on the date of grant. Such options are fully vested and immediately exercisable on the date of grant.

Information on Committees of the Board of Directors and Meetings

The Company's Board of Directors has established an Audit/Finance Committee and a Compensation Committee.

The Compensation Committee is responsible for setting compensation levels for the Company's executive officers, overseeing the administration of various incentive compensation and benefit plans and performing such other functions regarding compensation as the Board may delegate. The Compensation Committee consists of Paul A. Redmond, Michael B. Bracy and Mary Ann Peters. The Compensation Committee held seven meetings in 1997.

During 1997 there were seven Board meetings. All Board members attended at least 75% of the meetings of the Board and each committee of which they were a member.

ITEM 2

APPROVAL OF AMENDMENT OF THE ITRON, INC. EMPLOYEE STOCK PURCHASE PLAN

The Company's 1996 Employee Stock Purchase Plan (the "Plan") provides a means for eligible employees of the Company and its subsidiaries to purchase shares of Itron Common Stock under favorable terms through payroll deductions. Approximately 890 employees are eligible for participation in the Plan, including each of the executive officers named in the compensation table and eight other executive officers. Nonemployee directors of the Company are not eligible to participate in the Plan. The Plan, which was approved by the Shareholders on April 30, 1996, has an aggregate of 80,000 shares of Itron stock authorized to be available for issuance. On February 10, 1998, the Company's Board of Directors unanimously adopted an amendment to the Plan that, subject to shareholder approval, would authorize an additional 100,000 shares to be available for future issuance under the Plan. As of the date of this Proxy Statement, approximately 16,000 shares remained available for future issuance under the Plan.

The Board believes that the allocation of additional shares to the Plan will promote the interests of the Company and its shareholders by assisting the Company in attracting, retaining, and stimulating the performance of employees, and by aligning employees' interests through their purchases of the Company's Common Stock with the interests of shareholders.

A copy of the Plan is attached to this Proxy Statement as Appendix A and is incorporated herein by reference. The following description of the Plan as proposed to be amended is a summary and does not purport to be a complete description. See Appendix A for more detailed information.

Eligible employees under the Plan are those who have completed three months of service, work more than 20 hours each week, and are employed more than five months in any calendar year. Employees who own 5% or more of Itron Common Stock are not eligible to participate in the Plan. Eligible employees may authorize payroll deductions between 1% and 10% of their regular cash compensation. Such deductions are applied toward the discounted purchase of the Company's Common Stock, subject to a maximum fair market value purchase amount in any calendar year of \$25,000.

Separate six-month offering periods ("Offerings") commence on January 1 and July 1 of each year. Each Offering period consists of two consecutive purchase periods ("Purchase Periods") commencing on January 1, April 1, July 1 and

October 1. On the last business day of each Purchase Period (the "Purchase Date"), the employee is deemed to have exercised the right to purchase as many shares as his or her accumulated payroll deductions allow, at the purchase price. The purchase price is 85% of the lesser of (a) the fair market value of the stock on the first business day of the Offering, or (b) the fair market value of the stock on the Purchase Date.

An aggregate of 180,000 shares of Itron stock are authorized for issuance under the Plan, subject to adjustment from time to time for stock dividends and certain other changes in capitalization as provided in the Plan. An employee's right to acquire Itron stock under the Plan is not transferable and may not be exercised after termination of employment.

The Company intends that the Plan qualify as an "employee stock purchase plan" under Section 423 of the Internal Revenue Code. Section 423 allows an employer to grant options to its employees to purchase company stock at a stipulated price without having the employees realize taxable income at the time the option is granted or when exercised. The basis of the stock received on exercise of an option under this Plan is the exercise price paid for the stock. The required holding period for favorable tax treatment upon disposition of the Itron Common Stock acquired under the Plan is the later of two years after the grant date or one year after the purchase date. When the stock is sold after this holding period, the employee will realize ordinary income up to the amount of any discount (up to a maximum of 15%) from the fair market value of the Itron Common Stock as of the grant date. Any further gain is taxed at capital gain rates. If the stock is sold before the holding period expires, the employee will realize ordinary income to the extent of the difference between the price actually paid for the stock and the fair market value of the stock at the purchase date, regardless of the price at which the stock is sold. If the sale price is less than the fair market value of the stock at the purchase date, then the employee will have a capital loss equal to such difference.

The Company may not take a deduction for the difference between the fair market value of the stock and the purchase price paid for the stock by the employee unless the employee disposes of the stock before the statutory holding period expires.

The Compensation Committee of the Board of Directors is authorized to serve as the Administrator of the Plan. Subject to the terms and conditions of the Plan, the Administrator may set different Offering and Purchase Periods and, subject to the maximum allowable discount described above, a different purchase price for an Offering period. The closing price of a share of Itron Common Stock on February 27, 1998, was \$21.125, as reported by the Nasdaq National Market.

The Board of Directors recommends that shareholders vote FOR approval of the amendment of the Company's Employee Stock Purchase Plan.

ITEM 3 RATIFICATION OF AUDITORS

Shareholders are asked to ratify the selection of Deloitte & Touche LLP as independent auditors for the Company for the fiscal year ending December 31, 1998. Unless instructed otherwise, it is the intention of the persons named in the accompanying Proxy to vote shares represented by properly executed Proxies for ratification of the selection of Deloitte & Touche LLP as independent auditors.

Deloitte & Touche LLP audited the books and records of the Company for the fiscal years ended December 31, 1995, 1996 and 1997. It is anticipated that representatives of Deloitte & Touche LLP will be present at the Annual Meeting. Such representatives will have the opportunity to make a statement, if they so desire, and are expected to be available to respond to appropriate questions from shareholders.

The Board of Directors recommends a vote FOR the ratification of Deloitte & Touche LLP as independent auditors.

OTHER BUSINESS

The Board of Directors does not intend to present any business at the Annual Meeting other than as set forth in the accompanying Notice of Annual Meeting of Shareholders and has no present knowledge that any others intend to present business at the meeting. If, however, other matters requiring the vote of the shareholders properly come before the Annual Meeting or any adjournment or postponement thereof, the persons named in the accompanying form of proxy will have discretionary authority to vote the proxies held by them in accordance with their judgment as to such matters.

Compensation Committee Report on Executive Compensation

The Compensation Committee of the Company's Board of Directors (the "Committee") annually reviews and recommends to the full Board compensation levels for executive officers of the Company. The Committee is comprised of Board members who are not employees of the Company.

The Committee's primary objective in establishing compensation opportunities for the Company's executive officers is to support the Company's goal of maximizing the value of shareholders' interests in the Company. To achieve this objective, the Committee believes it is critical to:

- o Pay competitively to attract, retain and motivate a highly competent executive team;
- o Provide incentive opportunities that link corporate performance and executive pay and pay executives competitive levels of incentive compensation when corporate financial performance expectations are achieved; and
- o Align executives' financial interests with the creation of shareholder value by providing long-term incentives in the form of options to acquire Common Stock.

The Committee makes recommendations to the Board of Directors pertaining to the Company's executive compensation plans which promote the objectives detailed above. The Committee periodically engages outside consultants to determine approximate compensation levels among executives in comparable jobs in comparable high-tech companies. The Committee believes that the Company's current compensation plans support the Company's business mission and contribute to the Company's financial success. Section 162(m) of the Internal Revenue Code limits the tax deduction available to public companies for compensation paid to individual executive officers to \$1 million in any taxable year, unless certain performance, disclosure and shareholder approval requirements are met. When consistent with its compensation philosophy, the Committee intends to structure its compensation programs so that compensation expense is deductible by the Company for tax purposes.

Base Salary

The Committee annually reviews each executive officer's base salary. The factors that the Committee considers in making recommendations regarding base salary include: levels of pay among executives in similar jobs within similar high-tech companies, level of responsibility, prior experience, breadth of knowledge and job performance. Base salaries are targeted at the 50-75th percentile of the market. The market is defined as similar high-tech companies, nationwide, the annual revenues of which are approximately \$250 million and which have similar executive level jobs. These companies are not necessarily the same as the companies included in the Nasdaq Computer Manufacturers Stock Index used in the performance graph. In general, in 1997, base salaries for the executive officers are near the 75th percentile of the market.

With respect to the Chief Executive Officer's compensation in 1997, the Committee determined that a \$378,000 base salary for Mr. Humphreys was appropriate and consistent with the Company's overall salary plan. The Committee believes that it is important that Mr. Humphreys' base salary be competitive with those of other chief executive officers with similar responsibilities and broad leadership experience in the market defined above because the Committee recognizes and highly values Mr. Humphreys' visionary leadership, breadth of knowledge, and business and utility experience, all of which have contributed significantly to the success of the Company.

Due to an emphasis on cost containment in 1997, all executive officers deferred any increase in base salary until certain year end performance targets were met. Those targets were met, and each executive officer was paid a lump sum payment for their salary deferral along with earned bonus amounts. The lump sum salary deferral has been included in the summary compensation table as "base salary." In 1998, the Committee plans to return to the customary practice of providing annual reviews of each executive officer's base salary with the

increase being effective at the beginning of the calendar year.

Executive Incentive Compensation Plan ("EIC Plan")

The EIC plan provides the opportunity for executive officers to earn both annual and long-term incentives in addition to their base salaries. The Committee believes that having as much or more than 50% of an executive officer's total compensation at risk fosters achievement of the Company's short-term and long-term financial performance goals.

Annual Incentives: The Compensation Committee each year establishes annual financial goals which relate to one or more indicators of corporate financial performance and targets amounts as a specified percentage of the executive officer's salary. For 1997, such percentages ranged from 35% to 50% of base salary. Incentive awards are paid to participating executives under the EIC Plan only when the established financial goals are achieved. Depending on the extent to which corporate goals are achieved, an executive officer may be entitled to receive from zero up to 150% of such targeted award. For 1997, the annual incentive award opportunity was contingent upon attaining an established level of revenues and net profit after tax. These goals were achieved at approximately the 100% level in 1997. Payouts relating to annual incentives under the EIC Plan are made in cash. Annual incentive payments are reflected in the Summary Compensation Table under the column entitled "Bonus".

Long-Term Incentives: Long-term incentives consist of stock options. The number of stock options granted is determined by the recipient's position and amount of options currently held, and is intended to recognize different levels of responsibility. The Compensation Committee granted Johnny Humphreys options to purchase a total of 70,000 shares of Common Stock in 1997. These are the first option grants Mr. Humphreys has received from the Company. Previously Mr. Humphreys had the option to purchase stock through a Stock Purchase Agreement which has since expired. All options are granted with an option exercise price equal to the fair market value of the Company's Common Stock on the date of grant. This closely links a significant portion of executive compensation to benefits produced for all shareholders.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Change of Control Agreements

The Company has entered into Change of Control Agreements with some of its executive officers to provide compensation and benefits in the event of a change of control of the Company. Pursuant to such agreements, executive officers agree to remain employed by the Company on an annual basis and are compensated by an annual salary and bonus as determined by the Compensation Committee of the Board of Directors. In the event the employment relationship is terminated by the Company for other than cause or by the executive officer for good reason within the one year period following a change of control, the executive officer will receive any salary or bonus due to such executive officer, group insurance benefits for one-year after termination and severance pay equal to the annual base salary for the fiscal year in which the termination occurs. The executive officers will also receive such payments if their employment continues for the full one-year period following a change of control.

Employment Agreements

Johnny M. Humphreys, President and Chief Executive Officer of the Company, is party to an Employment Agreement with the Company dated February 9, 1987. The only remaining operative provision of the Employment Agreement, which may be terminated by either party at any time, is if termination is by the Company, it is obligated to pay Mr. Humphreys' base salary and benefits for a six-month period.

Carl Robert Aron, who joined the Company as Executive Vice President and Chief Operating Officer in November 1995, is party to an Employment Agreement with the Company. The Agreement provided for an initial base salary of \$275,000, which was subsequently increased. In addition, a signing bonus of \$150,000 was approved in November 1995 and paid to Mr. Aron in January 1996. The Agreement also provided for annual incentive bonus payments ranging from 50% to 75% of base salary depending on the Company's performance, and for an option grant of 100,000 shares of the Company's Common Stock at the fair market value of the Company's Common Stock on the date of grant. These options become vested ratably over a four-year period. The Agreement contains certain vesting acceleration clauses for termination, death, disability and changes in control. The Agreement was amended on December 17, 1997, and a further amendment is currently being finalized. As it is expected to be amended, the Employment Agreement will provide that Mr. Aron will serve as the Company's Executive Vice President and Chief Strategist at an annual salary of \$315,000. The amended Employment Agreement will terminate on February 28, 1999, unless extended on a month-to-month basis thereafter through written agreement of the parties. Upon the termination of the Employment Agreement in accordance with its terms, or upon the earlier termination of Mr. Aron's employment for any reason, Mr. Aron will be entitled to receive a termination payment of \$750,000 and certain bonus payments, and vesting of all outstanding options held by Mr. Aron will accelerate by 15 months.

David G. Remington, who joined the Company as Vice President and Chief Financial Officer in February 1996, is party to an Employment Agreement with the Company. The Agreement provides for an initial base salary of \$250,000 which may be increased annually by the Chief Executive Officer, subject to the approval of the Compensation Committee. The Agreement also provides for annual incentive bonus payments. The Agreement may be terminated by either party under certain conditions. If termination is by the Company for other than cause the Company is

required to pay Mr. Remington an amount equal to his then current annual base salary. The Agreement also provided for an option grant of 45,000 shares of the Company's Common Stock at the fair market value of the Company's Common Stock on the date of the grant. These options become vested ratably over a three-year period. The Agreement contains certain vesting acceleration clauses for termination, death or disability.

SECTION 5. OFFERING DATES

5.1 Offering Periods

Except as otherwise set forth below, the Plan shall be implemented by a series of Offerings (each, an "Offering"). Offerings shall commence on January 1 and July 1 of each year and end on the next June 30 and December 31, respectively, occurring thereafter. Notwithstanding the foregoing, the Plan Administrator may establish (a) a different term for one or more Offerings and (b) different commencing and ending dates for such Offerings; provided, however, that an Offering Period (the "Offering Period") may not exceed five years; and provided further that if the Purchase Price may be less than 85% of the fair market value of the Stock on the Purchase Date, the Offering Period may not exceed 27 months. An employee who becomes eligible to participate in the Plan after an Offering Period has commenced shall not be eligible to participate in such Offering but may participate in any subsequent Offering, provided that such employee is still an Eligible Employee as of the commencement of any such subsequent Offering. Eligible Employees may not participate in more than one Offering at a time. In the event the first or the last day of an Offering Period is not a regular business day, then the first day of the Offering Period shall be deemed to be the next regular business day and the last day of the Offering Period shall be deemed to be the last preceding regular business day.

5.2 Purchase Periods

Each Offering Period shall consist of two consecutive Purchase Periods (each, a "Purchase Period"). The last day of each Purchase Period shall be the Purchase Date for such Purchase Period. Purchase Periods commencing on January 1, April 1, July 1 and October 1 shall end on the next March 31, June 30, September 30 and December 31, respectively. In the event the first or last day of a Purchase Period is not a regular business day, then the first day of the Purchase Period shall be deemed to be the next regular business day and the last day of the Purchase Period shall be deemed to be the last preceding regular business day.

SECTION 6. PARTICIPATION IN THE PLAN

6.1 Initial Participation

An Eligible Employee shall become a Participant on the first Offering Date after satisfying the eligibility requirements and delivering to the Company's payroll office not later than the last business day before such Offering Date (the "Subscription Date") a subscription agreement indicating the Eligible Employee's election to participate in the Plan and authorizing payroll deductions. An Eligible Employee who does not deliver a subscription agreement to the Company's payroll office on or before the Subscription Date shall not participate in the Plan for that Offering Period or for any subsequent Offering Period, unless such Eligible Employee subsequently enrolls in the Plan by filing a subscription agreement with the Company by the Subscription Date for such subsequent Offering Period. The Plan Administrator may, from time to time, change the Subscription Date as deemed advisable by the Plan Administrator in its sole discretion for the proper administration of the Plan.

6.2 Continued Participation

A Participant shall automatically participate in the next Offering Period until such time as such Participant withdraws from the Plan pursuant to Section 11.2 or terminates employment as provided in Section 13. If a

Participant withdraws from an Offering pursuant to Section 11.1, the Participant is not required to file any additional subscription agreements for the next subsequent Offering in order to continue participation in the Plan. If a Participant is automatically withdrawn from an Offering at the end of a Purchase Period pursuant to Section 12, then the Participant shall automatically participate in the Offering Period commencing on the next regular business day.

SECTION 7. LIMITATIONS ON RIGHT TO PURCHASE SHARES

7.1 \$25,000 Limitation

No Participant shall be entitled to purchase Stock under the Plan (or any other employee stock purchase plan that is intended to meet the requirements of Code Section 423 sponsored by the Company, a Parent Corporation or a Subsidiary Corporation) at a rate that exceeds \$25,000 in fair market value, determined as of the Offering Date for each Offering Period (or such other limit as may be imposed by the Code), for each calendar year in which a Participant participates in the Plan (or any other employee stock purchase plan described in this Section 7.1).

7.2 Pro Rata Allocation

In the event the number of shares of Stock that might be purchased by all Participants in the Plan exceeds the number of shares of Stock available in the Plan, the Plan Administrator shall make a pro rata allocation of the remaining shares of Stock in as uniform a manner as shall be practicable and as the Plan Administrator shall determine to be equitable. Fractional shares may be issued under the Plan only to the extent permitted by the Board or the Plan Administrator.

SECTION 8. PURCHASE PRICE

The purchase price (the "Purchase Price") at which Stock may be acquired in an Offering pursuant to the exercise of all or any portion of an Option granted under the Plan shall be 85% of the lesser of (a) the fair market value of the Stock on the Offering Date of such Offering and (b) the fair market value of the Stock on the Purchase Date. Notwithstanding the foregoing, the Plan Administrator may establish a different Purchase Price for any Offering, which shall not be less than the Purchase Price set forth in the preceding sentence. The fair market value of the Stock on the Offering Date or on the Purchase Date shall be the closing price of the Stock as reported by the Nasdaq National Market (or any national stock exchange (an "exchange") on which the Stock is at the time listed or admitted to trading) for a single trading day. If no sales of the Stock were made on the Nasdaq National Market (or an exchange) on the transaction date, fair market value shall mean the closing price of a share of the Stock as reported for the next preceding day on which sales of the Stock were made on the Nasdaq National Market (or an exchange).

SECTION 9. PAYMENT OF PURCHASE PRICE

9.1 General Rules

Stock that is acquired pursuant to the exercise of all or any portion of an Option may be paid for only by means of payroll deductions from the Participant's Eligible Compensation. Except as set forth in this Section 9, the amount of compensation to be withheld from a Participant's Eligible Compensation during each pay period shall be determined by the Participant's subscription agreement.

9.2 Change Notices

During an Offering Period, a Participant may elect to decrease the amount withheld from his or her compensation by filing an amended subscription agreement with the Company's payroll office on or before the seventh day prior to the end of the pay period for which such election is to be effective (the "Change Notice Date"); provided, however, that the Plan Administrator may change such Change Notice Date from time to time.

9.3 Percent Withheld

The amount of payroll withholding with respect to the Plan for any Participant during any pay period shall be at least 1% of the Participant's Eligible Compensation for such pay period, but shall not exceed 10% of the

Participant's Eligible Compensation for such pay period. Amounts shall be withheld in only whole percentages.

9.4 Payroll Deductions

Payroll deductions shall commence on the first payday following the Offering Date and shall continue to the end of the Offering Period unless sooner altered or terminated as provided in the Plan.

9.5 Memorandum Accounts

Individual accounts shall be maintained for each Participant for memorandum purposes only. All payroll deductions from a Participant's compensation shall be credited to such account, but shall be deposited with the general funds of the Company. All payroll deductions received or held by the Company may be used by the Company for any corporate purpose.

9.6 No Interest

Interest shall not be paid on sums withheld from a Participant's compensation.

9.7 Acquisition of Stock

On each Purchase Date of an Offering Period, each Participant shall automatically acquire, pursuant to the exercise of the Participant's Option, the number of whole shares of Stock arrived at by dividing the total amount of the Participant's accumulated payroll deductions for the Purchase Period by the Purchase Price; provided, however, that in no event shall the number of shares of Stock purchased by the Participant exceed the number of shares of Stock subject to the Participant's Option. Fractional shares may be issued under the Plan only to the extent permitted by the Board or the Plan Administrator.

9.8 Refund of Excess Amounts

Any cash balance remaining in the Participant's account shall be refunded to the Participant as soon as practical after the Purchase Date. In the event the cash to be returned to a Participant pursuant to the preceding sentence is in an amount less than the amount necessary to purchase a whole share of Stock, and the Board or the Plan Administrator has determined that fractional shares may not be issued, the Plan Administrator may establish procedures whereby such cash is maintained in the Participant's account and applied to the purchase of Stock in the subsequent Purchase Period or Offering Period.

9.9 Withholding Obligations

At the time the Option is exercised, in whole or in part, or at the time some or all of the Stock is disposed of, the Participant shall make adequate provision for federal and state withholding obligations of the Company, if any, that arise upon exercise of the Option or upon disposition of the Stock. The Company may, but shall not be obligated to, withhold from the Participant's compensation the amount necessary to meet such withholding obligations.

9.10 Termination of Participation

No Stock shall be purchased on behalf of a Participant on a Purchase Date whose participation in the Offering or the Plan has terminated on or before such Purchase Date.

9.11 Procedural Matters

The Plan Administrator may, from time to time, establish (a) limitations on the frequency and/or number of changes in the amount withheld during an Offering, (b) an exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, (c) payroll withholding in excess of the amount designated by a Participant in order to adjust for delays or mistakes in the Company's processing of properly completed withholding elections, and (d) such other limitations or procedures as deemed advisable by the Plan Administrator in the Plan Administrator's sole discretion that are consistent with the Plan and in accordance with the requirements of Code Section 423.

9.12 Leaves of Absence

During leaves of absence approved by the Company and meeting the requirements of Treasury Regulations Section 1.421-7(h)(2), a Participant may continue participation in the Plan by delivering cash payments to the Company's payroll office on the Participant's normal paydays equal to the amount of his or

her payroll deduction under the Plan had the Participant not taken a leave of absence.

SECTION 10. EVIDENCE OF STOCK OWNERSHIP

Promptly following each Purchase Date, the number of shares of Stock purchased by each Participant shall be deposited into an account established in the Participant's name at a stock brokerage or other financial services firm designated or approved by the Plan Administrator (the "ESPP Broker"). A Participant shall be free to undertake a disposition of the shares of Stock in his or her account at any time, but, in the absence of such a disposition, the shares of Stock must remain in the Participant's account at the ESPP Broker until the holding period set forth in Code Section 423(a) has been satisfied. With respect to shares of Stock for which the Code Section 423(a) holding periods have been satisfied, the Participant may move those shares of Stock to another brokerage account of the Participant's choosing or request that a stock certificate be issued and delivered to him or her. A Participant who is not subject to payment of U.S. income taxes may move his or her shares of Stock to another brokerage account of his or her choosing or request that a stock certificate be delivered to him or her at any time, without regard to the Code Section 423(a) holding period.

SECTION 11. VOLUNTARY WITHDRAWAL

11.1 Withdrawal From an Offering
