

## Itron Wins Company of the Year Award for AMI Solutions in Asia-Pacific Region

December 4, 2018

*Frost & Sullivan Recognizes Itron for its Leadership in Networked Solutions and Services*

LIBERTY LAKE, Wash.--(BUSINESS WIRE)--Dec. 4, 2018-- Itron, Inc. (NASDAQ: ITRI), which is innovating the way utilities and cities manage energy and water, was [awarded](#) by Frost & Sullivan as Company of the Year in the Advanced Metering Infrastructure (AMI) solutions industry in the Asia-Pacific (APAC) region. Itron was recognized for its proven history of breakthrough technology and its innovative AMI solutions, which empower utilities and cities to automate time-consuming and labor-intensive manual meter reading systems.

In addition to commending Itron on its core AMI offerings, the report notes that complementary solutions such as managed services and Itron Enterprise Edition (IEE) Meter Data Management, have helped Itron position itself as a leading AMI provider in APAC. Frost & Sullivan also noted [Itron's contract with Provincial Electricity Authority \(PEA\) Thailand](#), one of the largest utility providers in Southeast Asia, as a key indicator of momentum in the region. The ongoing project will utilize Itron's OpenWay<sup>®</sup> Riva solution, which has "set the industry standard for end-to-end AMI solutions," according to Frost & Sullivan. The Utility will also integrate nearly 120,000 OpenWay Riva electricity meters to enhance the utility's operations, grid reliability and data management.

"We believe that Itron's expertise in smart meter technology is unparalleled, and in the Asia-Pacific region, Itron has a strong track record of working with utilities and cities around the world to improve metering technology, networking architecture and other software and services," said Rajalingam A C, Industry manager, Energy and Environment at Frost & Sullivan. "Itron's commitment to improving its AMI solutions through in-house research, assimilation of complementary technologies and diverse networked solutions deserves high praise."

"We are honored to receive this award from Frost & Sullivan," said Paul Nelsen, vice president of Commercial and Customer Enablement for Asia-Pacific at Itron. "This award validates our dedication to supporting utilities in the Asia-Pacific region and affirms our mission of creating a more resourceful world by delivering innovative energy, water and city outcomes."

### **About Itron**

Itron enables utilities and cities to safely, securely and reliably deliver critical infrastructure services to communities in more than 100 countries. Our portfolio of smart networks, software, services, meters and sensors helps our customers better manage electricity, gas and water resources for the people they serve. By working with our customers to ensure their success, we help improve the quality of life, ensure the safety and promote the well-being of millions of people around the globe. Itron is dedicated to creating a more resourceful world. Join us: [www.itron.com](http://www.itron.com).
