Itron Named a Visionary in the Gartner Magic Quadrant for Managed M2M Services, Worldwide

December 10, 2018

Report Recognizes Itron for its Ability to Execute and Completeness of Vision

LIBERTY LAKE, Wash.--(BUSINESS WIRE)--Dec. 10, 2018-- Itron, Inc. (NASDAQ: ITRI), which is innovating the way utilities and cities manage energy and water, announced today that it has been [named a Visionary](#) in Gartner Inc.'s Magic Quadrant for Managed M2M Services, Worldwide [1] for the third time.

The report evaluates the global market for M2M services, which "enables connectivity, compute and decision services that are necessary for connected solutions…Gartner's coverage of managed M2M services focuses on providers that bundle connectivity, technology and technology services that facilitate key business processes and related outcomes." The report recognized Itron as a Visionary.

"We are proud to be named a Visionary by Gartner. We feel it's a recognition of our smart suite of IoT solutions and capabilities, and it affirms our commitment to provide optimal outcomes for our customers, so they can provide optimal outcomes for theirs," said Sharelynn Moore, senior vice president of networked solutions at Itron. "With more than 200 million connected devices, including 60 million M2M devices, delivered to customers, Itron is a leader in reliably and securely connecting critical infrastructure."

Itron's broad IoT platforms enable utilities and cities to deliver new services to customers and enable an ecosystem of IoT devices. By collaborating with other IoT partners, Itron's platforms provide competitive, end-to-end communication and inclusion of other IoT edge devices, analytics and a variety of service options.
